

EVENT POSTPONED – IRELAND'S COAST TO COAST 2019

Regretfully, due to a major road works disruption, and a chaotic, and lengthy diversion, we have taken the decision to postpone the Coast to Coast 2019 until this diversion is cleared in September 2019. This diversion to avoid the road closure significantly changes too many aspects of the event to allow us to operate it to an acceptable safety standard that ensures competitor safety during the hours of darkness.

We are aware of local backroads around the diversion, however due to the nature of the event, these roads are not suitable carriageways to ensure competitor safety, especially in the hours of darkness.

As you may, or may not be aware, permissions to operate an event on public roads are submitted in advance to authorities and subject to approval. Any submissions made after a 90 day window will be returned. The only option we have is a postponement of the original submission.

While this Road Closure nullifies all permissions, it also nullifies all material that we already have produced for the event, and so greatly alters the course that it would require a whole revision of the race booklets, a new venue for the half way point to be secured for the two day, and the cycle sportive participants.

We understand that many have made arrangements to travel to the event, and that this will affect those, and for this we can only apologise for the inconvenience of having to cancel plans, however in this case, competitor safety comes first.

The road closure affecting the Multi Sport race and Cycle Sportive of the Coast to Coast also requires us to cancel the supporting Mountain Race on the 19th.

In relation to race registration fees, participants will be automatically entered to the postponed events on 7th & 8th September 2019. If this date is not suitable for competitors, please email us at the address below, we will process your refund and have it returned to you in full within 28 days of your response.

Again, this is not a decision we have come to lightly, and our team, who were prepped and ready to route mark, are all deeply disappointed that we cannot deliver the event as scheduled, and we appreciate your patience in this matter.

Should you wish to contact us about this, please do so by email at info@26extreme.com
